Random inspections by members of the Livestock Committee will be made during the raising period. Denial of access to an exhibit shall warrant disqualification.

The exhibitor must feed, care for, and show their exhibit entered without any aid or assistance, other than verbal advice, during the entire feeding period, except from immediate family, legal guardian, Agriculture Science Teacher, fellow FFA students and their parents or legal guardians. No aid, assistance or verbal advice may be given or accepted in exchange for valuable consideration, whether fixed or contingent.

All exhibitors must notify the Livestock Superintendent or his Livestock Committee Chairman, in writing, prior to their exhibit leaving their facility for more than 12 hours. Exhibits shall not be away from their facility more than 12 hours, except for being under Veterinarian care or participating in another show. Written notification may be dropped off or faxed to the PLS&R offices at 7601 Red Bluff Road, Pasadena, Texas 77507 (Fax No. 281-487-7067; Phone No. 281-487-0240) and must include the following info:

- a. Destination
- b. Reason
- c. Return Date

RULE 5: EAR TAGS AND I.D. DEVICES

- a. Anyone found guilty by the Livestock Superintendent and/or Livestock Committee Chairman of removing, tampering or replacing any I.D. device placed on or in any exhibit entered in the Pasadena Livestock Show will be disqualified from the Show.

- c. All exhibits will also be subject to any I.D. device deemed necessary by the Livestock Superintendent and/or Livestock Committee Chairman.
- d. All ear tags must remain affixed to the exhibit until after processing has been completed.

- f. No exhibits can be replaced after validation.

RULE 6:

No exhibit that has been through any other show's auction will be eligible for the Pasadena Livestock Show.

RULE 7: MEDICATION RULE

- a. The PLS&R reserves the right to perform laboratory analysis on the blood, urine, hair and/or body tissue of any animal entered for competition. An exhibitor of an animal producing an analysis with **an unapproved** drug residue as prohibited in this rule, will forfeit all current premium monies and may forfeit future rights and privileges to exhibit at the Pasadena Livestock Show. The conclusions reached by the Livestock Advisory Committee, as to whether such animal has been administered an un-approved drug, shall be final, without recourse against the PLS&R or any of its officers, directors or employees.
- b. Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing or other unapproved medications to include, but not limited to steroids such as dexamethasone, diuretics, anti-inflammatories, tranquilizers, local and systemic anesthetics, caffeine, alcohol, and any other drug not medically indicated are ineligible for competition. Exhibitors with questions regarding medications and or eligibility should consult with the Livestock DVM prior to competition. Unapproved means not approved by the U.S. Food and Drug Administration (FDA) or the U.S. Department of Agriculture (USDA) for slaughter animals including animals that may be destined for human consumption. The use of a FDA approved drug in an unapproved species will constitute unapproved drug use.
- c. If an animal has been administered a drug that is FDA approved for their particular species, sufficient time must have passed so that the animal does not test positive for that drug at check-in. In most instances, the time interval for the animal's urine or other tissues to be negative for the drug is longer than the withdrawal time listed on the label. This means that the animal's urine or other tissues must be free of all drug residues at the time of check-in and at any time subsequent that the show management wishes to collect samples.
- d. Failure to cooperate on the part of the exhibitor is reason to exclude the exhibit from sale.
- e. The Livestock DVM will not treat any of the exhibit animals on the Show ground. If any exhibitor feels his/her animal needs veterinary care, they must contact their Agricultural Science Teacher and/or they have the right to withdraw their animal from the Show and seek veterinary care. Once any animal leaves the premises, it may not return. Only emergency veterinary care will be allowed on the premises which will result in disqualification from the Show.
- f. All Grand and Reserve Champion steers, hogs, goats, and lambs will be tested, and there may be random testing of lower placed exhibits.
- g. Any exhibit tested and found with the presence of residue will be reviewed by the Livestock Advisory Committee.

RULE 8:

THE SHOWING OF UNETHICALLY FITTED LIVESTOCK OR LIVESTOCK OF ANY INELIGIBLE AGE FOR EXHIBITION IN THE CLASS ENTERED IS PROHIBITED.

Unethical fitting is deemed to mean any physical or physiological attempt to alter the natural conformation, musculature or weight of the exhibit by use of injections or ingested material not conducive to the continued health of the exhibit or marketability of its carcass. Exhibits showing, in the opinion of the Show Management, signs of having been unethically fitted will be disqualified. As a condition for participation in the Show, every exhibitor must agree to submit any exhibit entered by exhibitor to inspection by a veterinarian appointed by the management, and agrees to have such exhibit submitted to any tests as may be designated and requested by the veterinarian, and agrees that the conclusions reached by the Show Management as to whether such exhibit is unethically fitted or over age, shall be final, without recourse against the Show or any of its officers.
